"We are the servants of grace, and the master of justice. We walk among the faithful of both spheres, and carry forth the two virtues: brotherly love and the sword." The above is the official introduction to the Lands Between, the place where battles take place between the Lords of Grace and the Lords of Justice. In the Lands Between, evil and good have now collided as they fight for dominance, and the gap between them has grown. Lords from each sphere will play this game, so as to rescue the precious people and merge the worlds in peace. "Woe to the abyss, woe to the depths; woe to the ones who destroy the world. We are the servants of grace, and the master of justice." Now, there will be an era in which the 13 Lords must journey together and fight in the Lands Between for over 3 million years. The day when they must walk among the faithful of grace and the faithful of justice has arrived. ♦ About the ELDEN RING Game "Woe to the depths, woe to the abyss, woe to the ones who destroy the world. We are the servants of grace, and the master of justice." We are the servants of grace, and the master of justice. We walk among the faithful of both spheres, and carry forth the two virtues. What's new in Elden Ring:

and while i dont play game as a game itself, i will never ever play game mode of my wife.....know this how many did it..... that saddens me a lot. Version up to 16 (+ patches up to 21) and I cant access to certain wikis (previews, details) etc. so let's say version up to 16 (unless the later version up to 21 has to change something), I have like this " 0 out of 5"... and this is waiting to change... more I am going to try upgrade this version to 21. At least in this place it sucks, I will try to see if I can get help in my discord...?! Sry if my english is bad... I'm a person who ask more to get a codec problem.. and already I have that... but at least I've found some solutions... so... not my best top line opinion... sorry but I like this team... but if I wish to contribute of my best than I am thinking to not let an ANKLES! and become a member... I mean do something during my time... to change.. I'm not ingnorant of that.. but I like to do more than ingnorant... I search during my week at school... more on 20 May 2020... here I am today to... to try to be good... ^^. Hi all! Sorry it took so long but with private school it doesn't count "my" time! So as revealed in the main team page, our new version is about to be released soon and in this new version we already have the 9th final patch, so I thought it was time to write a new version, and so here is the first version of "Greed Strike G-Strike+"! But don't get fooled, we don't say just "Greed Strike G-Strike+" because it is not yet out, it will be out in a few weeks, and meanwhile you can download "Greed Strike +" version until everything is official and you can't spoil it! We will add a "translate" button on all the subtitles, and we will also add some videos! We are almost finished with the next "+". This time "Greed Strike +", and it won't look like nothing! Here is a piece of work to offer you until there is a link again... Next version is going to be so crazy, that I decide to restart GD
