Elden Ring Free Download is an action RPG developed by the staff of Falcom and published by Kodansha. The game is set in the Lands Between, a land founded on the grail's ideals. The story begins as a young man who has just arrived from the Vale of Shadows is called to a town before he can settle down. The young man's name is Lenhart Kessler, and he is a member of the Order of the Elden Ring. He is tasked with investigating a mysterious mark that appears on a stone tablet in this town. Within the mark is another, even more mysterious mark. As Lenhart explores the town, he starts to hear a strange melody. Investigating where the melody is coming from, he finds a statue of a knight holding a broken sword, and a girl crying out for help. He follows her and sees a broken vale, while she runs away. Having found his objective, he sets out to save the girl as she cries out for help. After completing this quest, Lenhart decides to continue his journey to find more clues. As he continues, he notices that the trail of the girl and the voice of the crying are still echoing throughout the Lands Between. ■ Features: \* A Vast World Full of Excitement: A vast world that is easy to explore while it feels as if you are going through a vast sea of field. You can freely explore a variety of situations: rocky deserts, bustling towns, and sprawling castles. There are endless pages of challenges to enjoy. \* Create your Own Character: There are a variety of equipment you can equip, such as weapons, armor, and magic items. You can freely customize your character's appearance, so that you can freely create the character you want. \* An Epic Drama Born from a Myth: An epic drama written to please everyone. A multilayered story in which the various thoughts of the characters overlap in the Lands Between. A unique story that gives you a sense of emotion through the intertwining of the various details of the world. \* A Unique Online Play that Loosely Connects You to Others: Enjoy online multiplayer through the many multiplayer elements of Elden Ring. Additionally, a unique asynchronous online element is also supported. You can connect with other players directly in the same world, and travel together to destinations in the same world. \* A New Action RPG: A new fantasy action RPG

A cross between a Metroidvania game and an action RPG, the game challenges you to explore new areas by doing battle with new monsters and collecting various materials. It's also a world where you won't be able to just continue using the current skills and abilities that you know, and you'll have to equip new ones. In addition to learning various battle skills, you'll also need to learn about magic and alchemy. Combat of ELDEN RING game: In addition to letting you directly interact with NPCs, there are multiple ways to fight enemies. You can choose to directly engage with them, use an Item or Skill to destroy them, use a powerful Combination, or use Support Skills to protect your allies. First of all, there are Character Skills that you obtain from your companions while playing, depending on what they do. If necessary, you can use the same Character Skills to attack and defend, regardless of whether the enemy attacks or not. In addition to the Character Skills, you will also obtain Item Skills. The parameters of their use vary from item to item, and items with the same name may have different parameters. However, even the items with different names can be used in the same way. On the battlefield, the Target Skill slot enables you to select a specific enemy to concentrate your attacks on. When fighting with an Item, the Item Skills will be used, and the third slot of the Target Skill can also be used to attack. When fighting with a Skill, it will be used, and you can adjust the parameters of the Skill. When fighting with a Combination, it will be used and it will have an effect on the parameters of any Item Skill you use in the same slot. When fighting with Support Skills, they will be used, and they can also be used in the same slot as a Skill or Item. When fighting alone, you can set a target to attack and then adjust the parameters for efficiency. There are several categories of Combat Skills. Turn: Cuts down the time you need to defeat enemies and increases your attack efficiency. Support Skills: Supports your companions or allies. Diagonal: Rotates your partner, your opponent, and your enemy. Tremor: Moved enemies into new places. Horizontal: Destroys enemies in front or behind. Pentagon: For
