development on this product is carried out by: autech digital imaging centre
academy of technology & innovation royal training institute belfast, northern
ireland academy.rti.com phone: 508.458.4000 fax: 091-2810091 this is a
special case of the 4.0 version with minor field v7. it was uploaded to the
forum as a separate download. the main difference between 4.0 and 7.0 is the
new minor field v7 which allows for true homography data and has much more
resolution in its potential output. unleash the creative potential of pano-maker
with the new arcsoft pano-maker v.6.0.92-doa and latest arcsoft pano-maker
v.5.1.7.95(doa included) packages. these releases support all currently
available formats, ensuring your pano-maker creation will end up looking
exactly as you've envisioned it in front of your friends and family. let's face it.
everyone dreams of becoming a world-class panorama photographer, right?
well, it takes a lot of creativity and planning to create a piece of photographic
art that will stand the test of time. it can sometimes be difficult for the
amateur photographer to know what type of camera to buy and how to get
the most out of their investment. even though there are plenty of good
cameras available that will help you create stunning panoramas, however,
getting the most out of the panorama maker software is the first step towards
creating high-quality panoramas and turning your pictures into great art. this
latest release provides the tools you need to unleash your creative potential
and create beautiful panoramas that will leave your friends and family
speechless. whether you are an experienced photographer or a complete
novice, you are sure to find the new arcsoft panorama maker release a
valuable asset in getting you started with panoramas. it also includes the new
arcsoft capture *v5.0.95(doa included) package. 5ec8ef588b
